ABOUT US

SRG Government Solutions, Inc. is a trusted provider of custom IT services and software development solutions for federal agencies and prime contractors. We specialize in delivering full-spectrum support, from project management and business requirements gathering to process flows, Agile epics, user stories, custom programming, and testing through implementation. Our expertise extends to both commercial and government sectors, where we proudly supply highly skilled JAVA programmers as subcontractors for mission-critical software projects. SRG Government Solutions, Inc. is led by seasoned software developer John Goddard, who brings years of hands-on experience in developing and delivering high-quality IT solutions.
